Normatec 3 is the next evolution of the iconic Normatec series, using dynamic air compression to advance your wellness, recover faster, improve your training, and maximize your performance. Normatec's patented precision pulse technology helps to increase circulation, revive muscles, and reduce swelling and has long been the choice of elite athletes and consumers throughout the globe.

## Features

### The ultimate massage experience

Warm-up and recover like never before. The Normatec 3 uses dynamic air compression to create a restorative massage that helps you feel refreshed faster. 7 levels of compression and our patented Pulse technology deliver precise treatment to 5 overlapping zones with ZoneBoost™ by using biomimicry to replicate the natural muscle pumps and one way valves of the legs. Trust us, your legs will thank you.

### Intuitive, refreshed design

Normatec 3's refreshed system design features an intuitive interface, reduced weight, and the ability to unlock next-level features and customization through the Bluetooth® connected Hyperice App. Simply zip in and power up the most advanced dynamic air compression system on the planet.

### Backed by science, used by the best

Designed by an MD, PhD, Normatec is the original, most tested, and most scientifically backed dynamic air compression system on the market. Designed to provide improved mobility and profound restorative healing results, Normatec has long been the most trusted system by the world's top athletes and consumers everywhere looking to advance their wellness.

## Benefits

- Like a personal, on-call massage therapist
- Warm up pre-workout
- Recover quickly post training
- Increase circulation
- Reduce pain and soreness
